

# Finding care options is now easier

Our Find Care tool helps you find doctors and compare costs

Choosing a provider who is right for you makes a difference – and choosing a provider in your plan can help you manage your health care costs. You can easily find high-quality, cost-effective care using our **Find Care** tool on **anthem.com**.

## What Find Care can do for you

The Find Care tool brings together details about doctors, hospitals, labs and other health care facilities in your plan. You can quickly compare what's important to you, like cost, location and office hours.

Search for providers and facilities in your plan by name, specialty or procedure.

Compare costs for health care services based on your plan coverage and network.

Find providers near you and explore virtual care options.

Review details about doctors, such as their specialties, gender, languages spoken

## How to find care in your plan's network

- 1 Visit **anthem.com/find-care** and **Select a plan for basic search.**
- 2 Make the following selections from the drop-down boxes:
  - What type of care are you searching for? Select **Medical**.
  - What state do you want to search in? Select the **state** where you live.
  - What type of plan do you want to search with? Select **Medical (Employer-Sponsored)**.
  - At **Select a plan/network**, for the In Network Only Plan, select National Blue High Performance Network Non-Tiered (prefix E7F). Use this table for Choice Plan or High Deductible Plan with HSA:
- 3 Choose **Continue**.
- 4 Choose who you would like to see. You can search for a doctor nearby or a specific doctor by name.
